

## AGS Health

### Booth 657

Contact: Christina Cussimano, SVP of marketing  
Christina.Cussimano@agshealth.com  
802.777.4084

AGS Health is more than just a revenue cycle management company — we're a strategic partner for growth. By blending technologies, services, and expert support, AGS Health partners with leading healthcare organizations across the US to deliver tailored solutions that solve the unique needs and challenges of each provider's revenue cycle operations.

At ViVE 2022, we are excited to reveal our AGS AI Platform — a new technology solution designed to help simplify revenue cycle processes through automation with a human touch. Visit booth 657 to be among the first to see this new technology in action. While you are visiting, we welcome you to join our raffle contest for a chance to win a new Oculus Quest 2 VR headset.

## Bamboo Health

### Booth 326

Contact: Alison Matthiessen, senior communications manager  
amatthiessen@bamboohealth.com  
540.230.9021

Bamboo Health will present and exhibit our suite of care coordination solutions at ViVE. On Monday, March 7, from 2:00–2:50, Bamboo Health Chief Clinical Officer Nishi Rawat, MD, MBA will also participate in the “Whole-Person Care 101: CH. 1 Behavioral Health” panel, which will familiarize attendees with the current drivers around the increased prevalence of behavioral health conditions, barriers, and opportunities to integrate behavioral health and physical health; and initiatives on the horizon to support a better response.

Visit the Bamboo Health team at booth 326 to discuss our diverse set of solutions including OpenBeds, Bamboo Health's comprehensive, provider-facing behavioral health solution for health systems, health

plans, and state governments; Crisis Management System, which expedites access to assessment and treatment for those in behavioral health crisis, tracks their journey from call to treatment, and coordinates all stakeholders within a crisis management system; prescription drug monitoring solutions; and more. [Find out more about our plans for ViVE.](#)

### **Clearsense**

#### **Booth 604**

Contact: Leann Williams, marketing manager  
lwilliams@clearsense.com  
904.334.7500

Committed to leading transformation in healthcare, Clearsense creates a data journey, from data ingestion to management to consumption. Cloud-based, AI-enabled, and HITRUST-certified, the platform of data solutions ensures data governance, implementation, and analytics are rapidly mainstreamed while remaining scalable and secure. Driving faster outcomes in clinical, financial, and operational environments, Clearsense is powering the innovation of tomorrow — right now.

Visit us at ViVE in booth 604 for live demos to learn how to modernize your archive and application approach, create predictive analytics for all, and harness your healthcare organization's data intelligence in a data hub built by us and powered by you.

Be sure to stop by on Monday, March 7 at 2:45 for a live podcast with Bill Russel from "This Week in Health IT," Renown Health CIO Chuck Podesta, and Clearsense President Kevin Field.

### **Clearwater**

#### **Kiosk 1012-29 in the Cybersecurity Pavilion**

Contact: John Howlett, chief marketing officer  
john.howlett@clearwatercompliance.com  
773.636.6449

Clearwater is the leading provider of cybersecurity, risk management, and HIPAA compliance software, consulting, and managed services for the healthcare industry. More than 400 healthcare organizations, including 70 of the nation's largest health systems and a large universe of leading physician groups and digital health companies, trust Clearwater to meet their cybersecurity and compliance needs. Their belief in our expertise and capabilities has helped Clearwater earn recognition as healthcare's top-rated Security Advisors and Compliance & Risk Management Solution in Black Book Market Research's annual industry survey.

Join us in the Cybersecurity Pavilion at 2pm on March 8 as Clearwater CEO Steve Cagle shares insight on the steps that digital health companies need to take to demonstrate strong cybersecurity and HIPAA compliance programs and prevent concerns about their practices from becoming an impediment to growth.

#### **CloudWave**

**To arrange a meeting, contact Tim Quigley.**

Contact: Tim Quigley, chief client officer  
tquigley@gocloudwave.com  
508.251.8917

CloudWave is a cloud and managed services provider that delivers a multi-cloud approach, helping healthcare organizations with any EHR service architect, build, and integrate a personalized solution using managed private cloud, public cloud, and cloud edge resources. As the largest, most experienced, and trusted independent software hosting provider in healthcare, CloudWave delivers enterprise cloud services to more than 230 hospitals and healthcare organizations.

CloudWave CEO Erik Littlejohn (elittlejohn@gocloudwave.com) and Chief Client Officer Tim Quigley (tquigley@gocloudwave.com) will be available for meetings throughout the event.

CloudWave invites attendees to participate in a ViVE luncheon on Tuesday, March 8 at 12:30, co-sponsored with Canon Medical Imaging, in Room 229 AB – Level 2 MBCC.

#### **Current Health: A Best Buy Health Company**

### **Booth 846**

Contact: Lauren Levinsky, VP of marketing  
lauren.levinsky@currenthealth.com  
650.799.7315

Current Health offers an enterprise care-at-home platform that enables health systems to deliver safe and effective care from the comfort of a patient's home. We bring together remote patient monitoring, telehealth, and patient engagement into a single, flexible solution that allows organizations to manage all patient populations within one platform. With our recent acquisition by Best Buy, we're excited to be able to leverage their best-in-class supply chain, logistics, and in-home support to help deliver that last-mile of care in the home.

Visit our booth for an end-to-end demo of our solution, get a first look at our exciting new product features, and meet members of the Current Health and Best Buy team.

### **Diameter Health**

### **Booth 762 and the InteropNow! Pavilion**

Contact: Josh Salazar, marketing manager  
jsalazar@diameterhealth.com  
765.409.4515

Diameter Health upcycles raw clinical data into a standards-based, interoperable asset using Fusion, our FHIR-enabled technology engine. Our comprehensive, automated data integration, normalization, and enrichment technology delivers high-quality data to streamline workflows, inform decisions, and accelerate interoperability at scale. Visit our kiosk to experience our product in action as a part of the interactive, connected-demonstration tour.

### **Divurgent**

### **To arrange a meeting, contact Shaun Sangwin**

Contact: Shaun Sangwin, SVP, business development  
shaun.sangwin@divurgent.com  
201.456.2558

We're so excited to be participating in this season's must-attend conference. We hope you are, too. Divurgent will be there in a big way. Look for our team out and about, in conference sessions, in our space in the Meeting Complex, CHIME programming, and more. We can't wait to make new connections, catch up with our long-time partners, and talk about industry trends and innovations.

## **Ellkay**

### **Booth 742**

Contact: Auna Emery, VP, marketing  
auna.emery@ellkay.com  
520.481.2862

As a nationwide leader in healthcare connectivity, Ellkay has been committed to making interoperability happen for nearly 20 years. Ellkay empowers hospitals and health systems, providers, diagnostic laboratories, healthcare IT vendors, payers, and other healthcare organizations with cutting-edge technologies and solutions. Ellkay is committed to ongoing innovation, developing cloud-based solutions that address the challenges our partners face. Our solutions facilitate data exchange, streamline workflows, connect the care community, improve outcomes, and power data-driven and cost-effective patient-centric care. With over 58,000 practices connected, Ellkay's system capability arsenal has grown to over 700+ EMR/PM systems across 1,100+ versions. To learn more about Ellkay, please visit [ellkay.com](http://ellkay.com).

Start your morning off right by grabbing a complimentary cup of coffee with Team Ellkay the first hour each day at booth 742. During the Exhibit Hall Reception on Monday, March 7 from 5:30-6:30, Ellkay will host a Cocktail Mixer serving up mojitos and margaritas. Lastly, on Tuesday, March 8, we'll have a full Happy Hour, so stop by and experience the power of true interoperability!

## **Fortified Health Security**

### **Kiosk 1012-4 in the Cyber Pavilion**

Contact: Judy Cooper, director, marketing  
jcooper@fortifiedhealthsecurity.com  
615.600.4002

Fortified Health Security is Healthcare's Cybersecurity Partner – protecting patient data and reducing risk throughout the healthcare ecosystem. As a managed security service provider, Fortified works

alongside healthcare organizations to build tailored programs with high-touch engagements and customized recommendations that maximize the value of investments and result in actionable information to help reduce the risk of cyber events. Stop by Kiosk 1012-4 in the Cyber Pavilion to find out how we became the best healthcare cybersecurity partner.

## **Lumeon**

### **Booth 422**

Contact: Greg Miller, chief growth officer  
greg.miller@lumeon.com  
435.225.3057

Lumeon exists to help healthcare providers deliver care more efficiently, consistently, and safely, with higher quality and lower costs than ever before. We apply deep automation to care processes, so that the patient's care journey is orchestrated across sites of care and care teams. Lumeon's unique Care Traffic Control platform integrates with existing data sources and our real-time decisioning engine optimizes the care journey for each patient, with standardized and individualized care pathways, that have proven to improve efficiency, effectiveness, and patient satisfaction.

## **Lyniate**

### **Booth 525 and the Interop Now! Pavilion**

Contact: Michelle Blackmer, chief marketing officer  
michelle.blackmer@lyniate.com  
312.520.1873

Lyniate partners with healthcare organizations around the globe, delivering flexible interoperability solutions that connect people through increased access to data. As a trusted partner, Lyniate powers the applications and workflows that improve clinical, operational, and financial outcomes today while helping healthcare teams to understand, prepare for, and influence changes on the horizon. Lyniate is committed to empowering people with the best interoperability solutions for healthcare, from specialty clinics to large networks, from payers to vendors, and everything in between. Visit [lyniate.com](https://lyniate.com) to connect.

Foundational products include Corepoint and Rhapsody interface engines. Stop by our booth for demonstrations, customer examples, and to learn about new product offerings that support healthcare's cloud adoption and API adoption.

### **Medicomp Systems**

### **Booth 618**

Contact: James Aita, director, strategy and business development  
jaita@medicomp.com  
647.207.0080

Medicomp will showcase innovations in clinical usability and documentation workflow improvement, including:

- Clinical intelligence for EHRs to mirror the way clinicians think.
- Enhanced FHIR/interoperability tools to make sense of incoming data by problem in health systems.
- Breakthroughs in speech and NLP, taking "freetext" to structured data.
- Improvements in real-time compliance at the point of care.

### **Nordic Consulting**

### **Kiosk 762-10 in the InteropNow! Pavilion**

Contact: Gwen Cantarera, marketing director  
gwen.cantarera@nordicglobal.com  
484.678.0264

At the Nordic kiosk in the InteropNow! Pavilion, attendees will be able to see a demo of the Nordic Health Data Connector, a new Web application that enables low-code configuration of healthcare data connectivity. This Connector supports FHIR APIs, HL7v2 Messaging, SQL queries, and SMART-on-FHIR workflows, to name a few, and it allows consumers of health data to integrate with providers and payers using healthcare data standards without writing a line of code.

On Monday, March 7 at 4:30 in the InterOp Theater, Nordic and Emory Healthcare will discuss their journey to modernize analytics at Emory leveraging the AWS platform and a modernized data and analytics strategy. Emory Healthcare Corporate Director of Data, Analytics, and Integration Matt Robuck

will cover their current state of data and analytics, and the decision process leading to an investment in a modern data platform. Nordic Managing Director and Advisory Services – Digital Health Practice Leader Kevin Erdal and Robuck will also talk about the comprehensive strategy required to leverage operational analytics from EHRs while enabling innovation through a modern platform – reducing redundancy without losing the opportunity to innovate.

## **Olive**

### **Booth 1250**

Contact: Olivia Ohlin, senior manager, events  
olivia.ohlin@oliveai.com  
330.232.4346

There are many ways to connect with Olive at ViVE. Stop by the Olive booth (1250) to chat with a team that has identified thousands of use cases for automation and AI, and get a consultation based on your organization's specific needs. Go1 – Olive's mobile AI command center – will be parked outside of the convention center throughout the conference. Stop in to see how Olive realizes and tracks value for customers.

On Monday, Olive will take the Tech Talk stage from 12:30-12:40 to highlight a key partnership. Later that evening, join Olive at 6:30 for an unforgettable cocktail reception at The Temple House, Miami's most unique event venue with projection mapping. On Tuesday, Olive will hold another Tech Talk from 12:45-12:55 about the Olive Platform. And then at 3:00, Olive's chief medical officer, YiDing Yu, MD will speak on the panel entitled, "Tech-first or Bust: A Move to Modernized Operations." For full information, visit [oliveai.com/events/conferences/vive](https://oliveai.com/events/conferences/vive).

## **Optimum Healthcare IT**

To arrange a meeting, contact Larry Kaiser.

Contact: Larry Kaiser, chief marketing officer  
lkaiser@optimumhit.com  
516.978.5487

Optimum Healthcare IT is a Best in KLAS healthcare IT staffing and consulting services firm based in Jacksonville Beach, Florida. Working with healthcare providers, payers, software, and life sciences organizations, Optimum provides professional staffing and consulting services that support our clients' needs through the continuum of care. Optimum's comprehensive service offerings include EHR; technical; security; ServiceNow; ERP; and Optimum CareerPath, our talent and skill development program.

At ViVE, Optimum Healthcare IT will have speakers on the Techquity Track speaking about Optimum CareerPath and DE&I, as well as on the CHIME University Track. We will host a great focus group on EMR Support Through the Lens of a Managed Service. Additionally, we will host an invite-only reception with CHIME and an Executive Luncheon. Be sure to look for an invite coming to your inbox soon!

Quil

**To get in touch or schedule a meeting with Quil at ViVE 2022, please email Justyna Evlogiadis at [jevlogiadis@quilhealth.com](mailto:jevlogiadis@quilhealth.com).**

We are beyond excited to attend, sponsor, and host activities at CHIME & HLTH's inaugural event for digital health leaders: ViVE! ViVE 2022 will foster interactivity and collaboration amongst the digital health community for transforming health and care. If you are attending the event virtually or in-person, be sure to catch our activities! On Monday, March 7 at 3 p.m. ET, Quil's Chief Digital Officer, Dwight Raum, and VP Product, Engage, Alex Harwitz, will host a focus group with The College of Healthcare Information Management Executives (CHIME) members. The focus group will cultivate thought leadership discussions surrounding digital patient engagement and effectively supporting patients beyond the hospital. On Tuesday, March 8 at 2 p.m. ET, CEO, Carina Edwards will speak on a panel with industry leaders about the integration of personalized digital healthcare solutions in the home to support caregivers and the aging population. Don't miss "Track 2: Lights, Camera, Action: Home Care Takes Center Stage – Session 3: Tech-Enabled Chronic Care Anywhere". On Wednesday, March 9, Carina and Dwight will host an executive brunch that fosters collaboration with a high-level presentation on "Insights from the home: Managing patient engagement beyond the digital front door". Also, during ViVE Carina Edwards will be interviewed by Bill Russell, CEO and Founder of This Week in Health IT. The video interview will be available shortly after the event, so please stay tuned and be on the lookout for updates from Quil about its release.

**ReMedi Health Solutions**

**To arrange a meeting, contact GP Hyare.**

Contact: GP Hyare, managing director  
g.hyare@remedihs.com  
281.413.8947

ReMedi Health Solutions is a nationally-recognized, physician-led healthcare IT consulting firm specializing in peer-to-peer, physician-centric EHR implementation and training. We're a clinically-driven company committed to improving the future of healthcare.

Our physician executive team is attending ViVE to connect with other industry members and share more about our virtual solutions that have provided a major impact for our healthcare partners. We will be sponsoring the CHIME Welcome Reception on Sunday and hope to see you there! Feel free to reach out and schedule a free EHR strategy session with our team during ViVE.

#### **RxRevu**

**To arrange a meeting, contact Ryan Smith.**

Contact: Ryan Smith, SVP, business development  
ryan.smith@rxrevu.com  
440.708.3683

We'll be at ViVE to connect with our current partners and clients, and talk with industry leaders about our solution, which provides reliable data to providers at the point of care.

#### **Tegria**

**To arrange a meeting, contact Kevin Kuntz.**

Contact: Kevin Kutz, VP, public relations and external communications  
kevin.kutz@tegria.com

Come and meet with the Tegria team at meeting cube 1093. For all inquiries please reach out to Kevin Kutz.

Tegria provides consulting and technology services to help organizations of all sizes humanize each healthcare experience. Founded by Providence, with teams throughout the United States and internationally, Tegria is comprised of more than 3,500 colleagues who help their customers integrate technology, transform operations, accelerate revenue, and optimize care. We meet you where you are in your journey to transform healthcare. Our team is ready to listen.

We invite you to meet Tegria experts at their presentations on cloud strategy and patient access, growth, and retention. Please join us! We invite you to listen to Tegria's Theresa Demeter alongside other great panelists at the Techquity Panel on Monday, March 7 at 3pm:

#### Catalyzing Health Equity through Data

"We have the technology! New tools and approaches to data are enabling unique collaborations with potential to accelerate health equity, better protect patient privacy, and establish trust in healthcare among marginalized patients. Covering approaches such as edge computing, synthetic data, and federated learning environments, this session will explore data sharing options to fuel personalized medicine, develop predictions and upstream interventions, and close gaps in research for historically underserved populations." Moderator: Ashish Atreja, MD, MPH; chief innovation and digital health officer, UC Davis Health. Speakers: Lu de Souza, MD, FAMIA, vice president & CMO, Cerner; Pierre Vigilance, MD, MPH, VP, population health & social impact, Equideum Health; Theresa Demeter, MHA, managing director, Tegria.
